## MESSAGE FROM THE PRINCIPAL

*Dear Students,*

It gives me immense pleasure to welcome you to Bholanath College, Dhubri which is considered to be a centre of excellence in the field of higher education in the western part of Assam. Established on 16th August 1946 by the patronage of erstwhile Zaminder of Lakhipur Estate and active co-operation of the people of Dhubri, the college was initially under the affiliation of Calcutta University and became one of the affiliated colleges of Gauhati University since the establishment of later in 1948.

The college is recognised under 2F and 12 B of UGC act and was re-accredited by NAAC with CGPA of 2.82 in 2011. Right now the college is preparing itself for the third cycle of NAAC accreditation.

In a country where large numbers of graduates are unemployable, ensuring quality education is a national commitment and a big challenge for institutions of higher education. India is a young nation where average age of an Indian will be 29 years by 2020. It is important that we can provide quality education to this young Indians so that they can become human resource not only for this country but also for the rest of the world. So imparting quality higher education is one of the most important things that we can do for the future generation and Bholanath College is committed for that since its inception. The lush green secured campus, wifi connectivity, modern digital classrooms and laboratories, fully automated digital library, computer centre, indoor and outdoor sports facilities---all facilitate a beautiful learning atmosphere in the college where the teacher as well as the taught strive to understand the existing knowledge base and generate new ones.

According to Nelson Mandella--- ‘Education is the most powerful weapon which you can use to change the world’.

I hope that the students of this college, as always, will take the challenge to change the world around them with the knowledge they gather here. Let the journey that you begin here at Bholanath College may end up with creation of individuals having character and commitment to struggle for a better tomorrow for the entire humanity.
